Merchants Protest

One-Ways Are Out

Arrangement Hurt Sales Says Group

BY WAYNE BOARD

Third and Fifth Avenues will not longer be one-way thoroughfares after action Monday night by Canyon city commission.

Third and Fifth Avenues, which were designated in January one-way east and west respectively and later reversed in director, were open to two-way traffic after the one-way signs were removed.

Commissioners, who were confronted by seven businessmen who said the one-way streets had damaged sales around the square, said they would adopt a "wait and see" policy until the fall when traffic would again be considered.

"We feel," said Bernard Warren, a merchant, "that business on the square has been jeopardized."

The one-ways were primarily instigated in January because of parking problems from 25th to 27th St., on Fifth Ave. near West Texas State University.

Several residents had complained of the hazards caused by students parking on both sides of the narrow street.

"It's been said to me," commented Mayor Paul Lindsey, "that the commission is trying to harm downtown Canyon."

Lindsey pointed out that the commission had earlier approved the widening of streets adjacent the square in order to aid downtown merchants.

"We have had Canyon's downtown problems for 15 years," Lindsey declared. "We are still going to have these problems

Blood Donors Needed

Blood donors are being sought for a three-year-old niece of Mr. and Mrs. Jimmy Dale Killingsworth of Canyon.

The little miss, Roxanne Thornton of Lockney, is in need of donors with A negative type blood, according to Killingsworth. The blood which is rare cannot be stored in blood banks and local persons with this type of blood are urged to contact Killingsworth at Radio Appliance.

Lake Bacteria Count Falling

If the coliform bacteria count at the lower end of Buffalo Lake Refuge continues to drop, about two-thirds of the area could be reopened in two to three weeks.

Gordon Hansen, Refuge manager, said presumptive tests recently made by representatives from the Texas Public Health Department and the United States Public Health Service indicate the bacteria count was continuing to drop at the dam end of the Lake.

The tests were made, Hansen said, in order to not only determine the source of the bacteria but how much is coming from the soil and how much from the feces of warm-blooded animals.

The entire Lake has been posted since last Wednesday warning visitors to participate in water sports "at your own risk".

Hansen said he would probably receive a report on the latest tests late Wednesday.

"We might reopen the dam area of the Lake in two or three weeks only if the tests show the bacteria count continues to drop," Hansen said, "although the upper end may be closed for quite a while."

More than 400,000 fish have already died due to a pollution and an "intended kill" of rough fish in the Lake waters.

The coliform bacteria may have come from sources in the Tierra Blanca Creek, the only source from which the Lake receives water.

Hansen said the health of-

Cleanup Campaign To Begin

Annual Clean Up, Paint Up, Fix Up campaign for Canyon will begin Monday with emphasis on front yard cleanup being observed throughout the city.

Other emphasis days for the campaign will be back yard clean up on Tuesday; fix up on Wednesday; paint up on Thursday; and alley clean up on Friday. Inspection day will be Saturday.

Campaign posters will be placed in business establishments by Canyon Girl Scouts, according to Dale Killingsworth, campaign chairman.

Representatives from several local civic clubs are working on the project in association with the Canyon Chamber of Commerce.

Golf Tourney Set At Club

The first annual invitational golf tournament at the Canyon City Club will be held July 14, 15 and 16.

Prizes and gift certificates will be awarded to flight winners.

The tournament is open to members and non-members of the club. Entry fee is $15.00 and all entries are due by 7 p.m. July 13th.

Laycock Quits To Head PESO

Huelyn Laycock has resigned as school superintendent to become director of Panhandle Education Services Organization Center in Amarillo.

The organization is commonly known as PESO.

Laycock's resignation becomes effective Aug. 1. On that date he will assume his duties with PESO.

PESO serves as the organization to administer regional educational media center under Title I and Title III Elementary Secondary Education Act for 26 Panhandle counties.

Provision for the media was established by the state legislature two years ago and it becomes funded Sept. 1.

Laycock said Title I provides educational services to economically and educationally deprived students. Each school is given an allowance based on the number of deprived students in the given community.

Students are considered deprived when they are members of families with $3,000 a year or less income.

He said Title III is designed to do research for new ideas in education.

Laycock became superintendent of Canyon schools Sept. 15, 1963.

"TEXAS" Performance Praised By Connally

Governor John Connally Friday night told a 60-member cast that their rendition of the 1967 version of "TEXAS" was superb.

Connally was on hand for the opening presentation of the historical drama at the Panhandle Heritage Foundation Amphitheater in Palo Duro Canyon.

Some 500 people were present for the season opening. The musical, by Paul Green, will run through the summer each night except Tuesdays.

Mrs. Connally was to have attended with the governor but sudden illness caused her to miss the trip. "I'm coming back within the next two weeks and I will bring Nellie (Mrs. Connally) with me," the governor told the crowd at intermission.

Governor Connally was presented a triangle, used for calling cowboys to meals in chuckwagon days.

Connally went back stage to greet the cast after the performance.

He said he appreciated the professional nature of the production. Connally himself has had some experinece in drama.

Babe Ruth All-Stars Begin Play

The 1967 Canyon Babe Ruth All-Stars will meet an Olton team Monday at 5 p.m. there for the first game of the 1967 round-robin tournament.

Included in the tournament teams will be all-stars from Muleshoe, Plainview, Pampa, Dumas, Spearman, Olton and Canyon. The tournament is based on double elimination play.

Tournament winners will advance to the state tournament to be held Monday, July 17, at Pampa, according to Dr. Dudley Moore, league president.

Named to the Canyon All-Star team in the Babe Ruth League have been Ronnie Hager, Keith Keeling and David Smith of the Canyon Jaycees White Sox team; Johnny Johnson, Gary Moore, and Kelly Tinsley of the Giants; David Car-

Mrs. Gamble Resignation Is Accepted

Mrs. D. C. Gamble has resigned her position as home demonstration agent for Randall County.

The announcement was made at Monday's meeting of the Randall County commissioners. Mrs. Gamble will continue serving home demonstration and 4-H clubs until a replacement has been named.

Mrs. Gamble has served as home demonstration agent here since January 1966.

County Tax Suits Loom

Randall County commissioners in a regular meeting Monday authorized the county attorney to take necessary steps to collect delinquent taxes.

There was indication that some suits may be filed.

Commissioners passed a resolution reaffirming previous policy that pipelines and utility cables crossing county road right of way be placed at least 30 inches below the lowest point of the road's bar ditch.

The court accepted the bid of PEI Corporation of Amarillo on a two-way radio for the Highway Patrol here. The radio will be set on the Sheriff's Department frequency.

Donald Savage Gets Top Post

Dr. Donald E. Savage, who grew up here in Canyon, recently was named chairman of the Department of Paleontology at the University of California at Berkley.

He also was named director of the university's Museum of Paleontology. Paleontology is the study of past life on earth, especially as revealed by fossil remains.

Dr. Savage is the son of Mrs. J. A. Hill. His father was the late F. E. Savage who was superintendent of the West Texas State demonstration school and later professor of education.

Dr. Savage was born at Floydada in May of 1917 and while a child moved to Canyon with his parents.

He started to the demonstration school in the kindergarten and was graduated from West Texas State in 1937. He received his masters degree in

John O'Connor To SCS Staff

John O'Connor, formerly soil conservationist in Brownwood, has been employed as work unit conservationist for the Soil Conservation Service here.

O'Connor, who has been working in soil conservation for four years, replaces Harry Rucker, newly named area conservationist for the SCS in Amarillo. Rucker was in Canyon for about two years.

O'Connor is the father of a four-year-old girl.

Ag Offices Are Moved

New offices for the Agricultural Stabilization and Conservation Service and Soil Conservation Service were opened Monday at 304 Fifteenth St.

The building, which formerly housed the First National Bank, will provide additional space and also comply with a Federal government request that the two agencies be located in the same quarters.

The new agency headquarters, said ASCS Manager Donald Lloyd, have been remodeled. The ceiling has been lowered and partitions installed for individual offices.

Thrill-O-Rama Here Saturday

Automobile and motorcycle daredevils will present an unusual "Thrill-o-rama" show in Canyon Saturday at the Randall County Sheriff's Posse Arena.

Sponsored by the Canyon Jaycees, the shows will be held at 5 o'clock and 8 p.m. in the arena.

Stuntmen will perform a number of daredevil stunts and some of the most noted thrill drivers with national ratings will be present for the one and one-half hour shows. Among drivers will be the three-time International Stuntmen's Association a veteran car jumper Buster Guntrie, the ISA car

'Fun Day' For Youths

"Fun Day" of supervised games and recreation for all youths over five years old will be held Monday, July 10, at Conner Park, according to Wayne Phemister, park and recreation superintendent.

Registration will begin at 9:30 a.m. and games are slated to begin at 10 o'clock. Games included in the day's activities will be volleyball, softball, tetherball, shuffleboard, box hockey, touch football and relay races.

The day's activities will be concluded with a reduced rate on swimming from 3-4 o'clock for game participants.

Youths should bring a sack lunch. Drinks will be furnished, according to Phemister.

Kiwanis Club Members Here

About 600 Kiwanis Club members from throughout the area are expected here Friday for a picnic and showing of "TEXAS" in Palo Duro Canyon State Park.

The Kiwanians, representing clubs from Guymon, Okla. to Lubbock, will meet for the picnic about 6 p.m. at the Park's first water ressing.

George well of Canyon, lieutenant governor for division six, will introduce Rex Kyker, Texas-Oklahoma governor.

Dr. Kyker has been head of the Abilene Christian College Speech Department since 1957.

The 600-odd members expected will be representing approximately 35 Kiwanis Clubs, Blackwell said.

The affair will be hosted by the South Amarillo Kiwanis Club.

Ken Olson is president of the Canyon club.

Fire Damages Canyon House

A five-room house northwest of Canyon was gutted by fire Monday morning.

The weekend residence of Stanley Blackburn of Amarillo was destroyed by the blaze that took Canyon Fire Department crews more than two hours to extinguish.

Capt. Joe Rice said Black-

Moms, Dads Play Ball Saturday

Little League ball park will be the location for Canyon's most unusual doubleheader of the summer baseball season Saturday.

A mother's game will begin at 5 o'clock with the "Cooper Kiddies" pitted against the "Davis Darlings". The mothers will play positions regularly played by their sons during league play.

Second game of the doubleheader will be for fathers of the various ballplayers. It will be played immediately after the mother's game.

Collections will be taken to benefit the summer leagues in Canyon and both games are open to the public.

Area Splashed By Good Rains

Although some farmers have been unable to plant dryland grain sorghums because of recent rains, there are no major problems, said Randall County Agent John Brazzil.

Brazzil said some farmers were planting as late as Monday, but that most of the dryland sorghums had been sown.

"That remaining to be planted," he said, "is not critical."

Forrest Gruner, north of Canyon, received 1.60 inches Monday evening and a trace Tuesday, while Pete Leavitt in the Jowell Community reported 1.30 inches and .50 inches for the same period.

Clarence Kern in Umbarger reported a total of 1.20 inches for the two-day period.

About an inch of moisture fell at the Pioneer Amphitheatre site shortly before the audience began gathering for the "TEXAS" barbecue Friday evening, but no moisture was received at the entrance to Palo Duro Canyon State Park.

The rains in the canyons fell in about a 20-minute period.

Recil Johnson, Randall County deputy sheriff, was alerted by the Department of Public Safety about 6 p.m. Friday that there were tornadic clouds forming west of Canyon.

Johnson drove through a heavy rain seven miles west of

Pony Express Run Is Slated

The second annual World Championship Pony Express Tournament will be held in conjunction with the Randall County Roundup and Old Settler's Reunion.

Sponsored by the Randall County Sheriff's Posse, the championship event will be held Saturday night, July 22, at 7:30 o'clock in the RCSP arena, east of Canyon.

Among riding teams expected to enter this year are Tulia, Hereford, Plainview, Canyon, San Angelo, Amarillo, Amherst, Littlefield, Fort Worth, Dallas, Arlington and Carlsbad, New Mexico.

The express race which is run "inside the arena" has caused considerable interest in the game which was recently viewed by Cy Taillon, world's leading rodeo announcer.

A hand-tooled pair of saddlebags will be awarded the winning team. The saddlebags, which were won last year by Tulia, must be won by the same team for three consecutive years to become the property of the win-

FROM THE

CANYON RIM

By Troy Martin

Huelyn Laycock has resigned as superintendent of schools to take a job in Amarillo with Panhandle Education Services Organization, known as PESO.

The school board must hire a new superintendent and soon. I hope we don't go bargain hunting. Being superintendent of Canyon schools is a big job.

The job is growing and will continue to grow.

I hope the school board will decide what is needed and go hire the man for the job. A good administrator with proper credentials is going to cost from $15,000 to $20,000 a year.

However, a top administrator can save many times the difference in his salary and that of a mediocre man.

Ronald Reagan of California is being more prominently figured everyday as Presidential timber.

Already some of the mass media have started a hatchet job on him. He is credited in one nationally circulated news magazine as having told what he would do in Vietnam if he were President.

The piece has overtones of nuclear threats by the California governor. It quoted him as having expounded on possible use of nuclear bombs in Vietnam. It was 1963 and 1964 all over again.

Then it came out that Reagan hadn't even been interviewed by the news magazine.

It's easy to predict that the nation's mass media, welfare state orientated as it is, will turn on Reagan with twisted quotes and inuendos in much the same way it turned on Barry Goldwater in 1964.

However, I think it will find Reagan a little more cagy than Goldwater.

Governor John Connally has a memory that rivals that of Jim Farley, a former US Postmaster General who was reputed to have known the name of every postmaster in the country.

Friday afternoon Jerry LaGrone and Bill Sternenberg drove the governor from the airport to the Palo Duro Canyon Amphitheatre.

Bill had to go home early and Jerry took the wheel to take the governor out of the theatre area to the Pete Gilvin car in which he returned to Amarillo.

"We've got a new driver," was the governor's first comment as he got into the automobile.

"I drove down here," joshed LaGrone.

"No you didn't," Connally came back. "Bill drove us down here."

Connally makes a big hit with the ladies.

"My, he's good looking," commented Joan Conrad of Claude as the governor passed near her at the amphitheatre.

"I'd vote for him for President if he ever runs," she declared.

Ladies Night At City Pool

Ladies night at the Canyon City Pool will be held Friday between 7:30 and 9 p.m., according to Wayne Phemister, park and recreation superintendent.

Swimmers must be at least eighteen years of age. Admission will be 35 cents.

Mrs. Tootie Turk of Oklahoma City, Oklahoma has returned to her home after several days visit in the Anton Handing home.

Canyon Has Safe Fourth

Canyon residents seemingly spent a quiet and safe Fourth of July this year.

No accidents were reported to the Randall County Sheriffs office Tuesday, nor were any firecracker complaints made.

A total of 651 people viewed the production of "TEXAS" Tuesday. So far since its opening Friday, some, 3,457 have seen the show.

Visitors to the Palo Duro Canyon State Park were estimated at 3,000 July 4 and some 609 were registered at the Panhandle Plains Historical Museum.

Only 80 people braved posted Buffalo Lake Refuge Tuesday, said Manager Gordon Hansen. The Lake has been posted against water contact sports since last week.

Students On Honor Roll

A total of 23 students at West Texas State University from Canyon were listed on the 1967 Spring semester honor.

Those undergraduates on the list must have a 2.5 or higher average for a completed semester load in residence of at least 15 semester hours.

Those students from Canyon on the honor roll include Alvin R. Adams, Mary L. Bailey, Karen A. Kievit, Norman R. Smyrl, Billy K. Walker, Michael J. Matthis, Carol A. Dawdy, James W. Galloway, John W. Hillen, Jr., Laurence Kahan, Kay A. Kuykendall, Georgia E. Lee, Curtis D. Mobley.

Treva F. Owens, George L. Loudder, Ronald C. Corbyn, Janis L. Hardaway, James R. Hill, Joseph D. Kerbel, Linda M. Salmon, Carolyn E. Upshaw, William G. Good, Jr., and Janice D. Tversky.

GEORGE DOWLEN.....LION PRESIDENT

Dowlen Is Lions Club President

George Dowlen became president of Canyon Lions Club Thursday night as officers for the club were installed.

Installation ceremonies were conducted at a ladies night dinner held at Wyatt's Cafeteria in Amarillo.

Installing officer was Kenneth Waugh, Lions Club district governor for District 2T1 of Lions Club International. Waugh also is a member of the Canyon club.

Other officers installed were Fred Stoker, first vice president; Don Vars, second vice president; Joe Gibson, third vice president; Wendy Miller, treasurer; Burney Slack, secretary; Dale Killingsworth, Lion tamer; Bob Leigh, tail twister; and John Boone and Bud Hickman, directors.

Master of ceremonies was J. B. Douglas. Oscar Hinger, retiring president, assisted Douglas in presenting a skit of "This Is Your Life" on Kenneth Waugh.

Hinger also gave a run down on highlights of the past Lions Club year.

Waugh announced members of his cabnet for the coming year. These include Fred Stoker, youth exchange chairman; Oscar Hinger, sight conservation; Don Vars, finance; and Bill Wilson, deputy district governor.

Visiting with Mr. and Mrs. W. H. McKee recently have been W. P. McKee and Vicke of Borger, Mrs. Phillip Brown and Annette of Fort Worth, Pfc. 'TEXAS' . . .

(Continued from Page 1)

He worked at the Curtain Club while he was a student at the University of Texas.

"I was impressed with your exuberance and enthusiasm," the governor told the cast. "Even when you weren't in the center of the stage you never let your character lapse. That was very professional."

Governor Connally said slides and movies of "TEXAS" would be shown at Hemisfair in San Antonio next year. "Most people in Texas have no idea of the quality of this production," he declared. "I intend to tell them about it."

Connally arrived at Amarillo Air Terminal late Friday afternoon and was greeted by the Canyon Chamber of Commerce Red Carpet Committee and a delegation from the Amarillo Chamber.

He was brought to Canyon in a limousine provided by LaGrone Funeral Chapel.

Prior to curtain time at the theatre, he mingled with the delighted crowd, signing autographs and posing for pictures.

Several members of the Panhandle legislative delegation were on hand to greet the governor. Some of these included Senator Grady Hazlewood of Canyon, Walter Knapp, and J. M. Simpson of Amarillo; Bill Barton, Borger; Malouf Abraham, Canadian; and Bill Heatley, Paducah.

Connally also was accompanied here by his assistant, Mike Mires of Austin. The governor spent the night in Amarillo and then Sunday flew to a governor's conference in St. Louis, Mo.

Several members of the audience who saw the drama last year believe the production has been improved.

Directors of the show had feared that it would be necessary to open in the Branding Iron Theater on the West Texas State University campus. A thundershower dumped about an inch of rain on the amphitheatre area a few hours before the show was to begin.

The rain fell within a 20-minute period and served only to wash and cool the air before the performance which unreeled beneath a star-studded sky. No rainfell at the entrance of the park.

The show runs through Labor Day, Sept. 4 with performances nightly except Tuesdays.

Mrs. Ida Schuette and Dietrich Overhoff attended church services at Plainview Sunday.

the city on Farm-to-Market 1062, but there was no high winds and very little hail, he said.

The deputy said he saw no funnel clouds.

Brazzil estimated that as many as 130,000 acres could be planted in grain sorghums this year in Randall County.

"We will not know how many acres until September," Brazzil stated.

He said 20 per cent of the allotment would be placed in "layout ground" but that some sorghums were being planted in areas originally intended for wheat.

Much of the dryland wheat was frozen or killed by greenbugs, thus leaving the areas available for sorghum planting.

"The sorghums we have so far seem to have good stands," he continued. "Both the dryland and irrigated fields had good available moisture for the planting.

Below are the readings from the Canyon Weather Station on the campus of West Texas State University. These are for the days of June 28 to July 4.

29	80	60	0.09
30	86	63	0.00
1	91	63	0.06
2	92	66	0.02
3	86	62	0.01
4	80	59	1.13

The total rainfall for the month of June was 5.44 inches. So far this year the total is 9.24 inches. Normal June rainfall is 3.48 inches. So far in July there has been 1.22 inches.

PONY EXPRESS riders from the Randall County Sheriff's Posse will participate in the second annual Pony Express Championship races on Saturday, July 22, in connection with the Randall County Roundup and Old Settler's Reunion. Team members, left to right, are A. P. Sanford, R. D. Wheelock, Leon Cox, Ronnie Hufnagle, R. B. Allen, Birl Davis, Robert Horton and Clark Jarnagin.

ning club. In addition, trophies will be awarded to the second and third place winners.

Riding teams consist of eight male riders and each team competes with all other teams in the round-robin race. Admission to the event will be $1.50 for adults and 75 cents for children.

"Western Days" will also lend interest to the annual gathering. Sponsored by the Jaycees, the event requires that all persons be attired with a minimum of three articles of western clothing throughout the roundup days, July 21-22.

The Jaycees will have a posse, judge and jail for nonconformists. The judge and jail will be taken throughout the city on the back of a truck and culprits, guilty of not going western, will be taken on a tour of the city, according to John Preston, Jaycee chairman.

Also eligible for tours of the city through the jail bars will be unwhiskered gentlemen who are caught on the streets without the traditional shaving permit, according to Preston.

Shaving permits have been ordered and will be for sale from all Jaycee members at 50 cents. Unwhiskered gentlemen caught without permits will be fined 75 cents or given a stint in the Jaycee jail.

The top three sets of whiskers will receive plaques to be awarded following the beard judging at 4 o'clock on July 22.

Activities will begin on Friday, July 21, with the annual Old Settler's Reunion in the Panhandle Plains Historical Museum. Sponsored by the Chamber of Commerce, the reunion will include a noon luncheon in the Blue Room of the west cafeteria at West Texas State University. Reunion hours will be 10 a.m. to 2 p.m.

Events Friday evening will include a horseshoe pitching contest, sponsored by the Canyon Rotary Club; a young people's dance, sponsored by the Kiwanis Club; and a bingo booth, sponsored by the Canyon Jaycee-Ettes. The evening activities will be held on the courthouse square.

The annual parade will begin at 4:30 p.m. Saturday afternoon, according to Dr. Dudley Moore, chairman. The parade will follow the city's designated route down Fourth Avenue and current plans call for several area riding clubs to participate.

Jaycees will serve their annual barbecue supper immediately after the parade. The barbecue will be served on the courthouse square and tickets are selling at $1.50 for adults and 75 cents for children. Serving lines will remain open from 5-7 p.m.

Saturday night's activities will include a square dance, co-sponsored by the Canyon Chamber of Commerce and the Canyon Capers Square Dance Club; the pony express contest at 7:30 p.m.; and the bingo booth, sponsored by the Jaycee-Ettes.

Boy Scouts of Troop 108 will operate refreshment stands both days on the courthouse square.

The bid was $840.50. There were two bidders.

Commissioners took no action on a petition for 1.5 miles of road which would give access to holdings of Fortress Cliff Corporation on the north rim of Palo Duro Canyon.

The 269-acre tract is located just north of the park's Cottonwood Grove, a popular camping and picnic site.

The state already has denied Fortress Cliff owners access from the park to the tract. The petition to commissioners court was signed by Charles Allen, president of Fortress Cliff Corporation, and several others.

If constructed, the road will cross land owned by Bill Beedy.

In other action, commissioners accepted a bid of $1,485.10 by Jess Ford of Canyon on a pickup truck for Precinct 1.

Conditional permission was given Ray Geophysical to make seismograph tests along county road right of way. The firm must get permission from adjacent land owners.

Ray Geophysical uses vibrator trucks instead of explosives in making such tests. The firm has agreed to pay adjacent property owners $50 a mile.

burn estimated loss on the newly-remodeled structure at $15,000.

The house, located about one-half mile south of the Canyon City Club area, was unoccupied at the time of the fire.

As the structure is outside Canyon's city limits, no investigation as to the cause of the fire will be made, Rice said.

More than 20 firemen who normally answer calls outside the city limits, plus standby crews, were called into action.

A fireman at the scene said the blaze was coming from the roof of the stucco-covered structure when crews arrived.

Several of the firemen donned air packs, enabling them to enter the building that was filled with clouds of smoke.

Firefighters were forced to pry asbestos shingles from the roof in order to extinguish smoldering wood.

1939 from Oklahoma University.

His education was interrupted in the early 1940s when he served something like four years with the US Air Force, a part of the time as an aerial photographer and then as an interpreter of maps of Japan.

He was discharged from the service with the rank of major. He received his doctorate in paleontology at the University of California in 1949.

He was married in September of 1942 to Miss Betty Carol Brandon of Stephenville, who also is a graduate of West Texas State. The Savages now make their home in Lafayette, Cal.

Mrs. Hill says her son developed an early interest in paleontology while working at Panhandle-Plains Museum here.

"He and Meredith Warren used to gather up bones, boil them and then dry them in my oven," declared Mrs. Hill. "They would almost run us out of the house."

Dr. R. A. Stirton, former head of the Department of Paleontology at Berkley, remarked that Donald Savage was one of the best paleontology students he had ever taught.

Dr. Savage regularly lectures over most of the western world. He has lectured in Europe a number of times and has conducted research on the European continent on several occasions. He even has lectured before the world organization of paleontologists.

Since his promotion, Dr. Savage heads the largest department of paleontology in the world.

This summer he will be doing research in Italy and France. Mrs. Savage is touring Europe and will meet her husband in Paris.

The Savages have five children. They are Suzzane (Now Mrs. John Steward Banks), Sheryl, Donald Brandon, Stephanie and Michael Winston.

Guests from Dallas in the home of Dr. and Mrs. J. L. Russell of Canyon are Mrs. Jim E. Russell and son, Pancho.

ficers flew over the Lake and the Tierra Blanca water shed area Monday to study the flow of the water.

"It is obvious from the air and on the ground," Hansen stated, "that there is room for improvement around the water shed."

Jack Crabtree, fish biologist with the Texas Fish and Wildlife Department, said last week that water washed from Tierra Blanca Creek could have become polluted because of organic debris that has accumulated for a long period of time along the water shed.

A variety of debris including manure, solids from city sewer departments along the Tierra Blanca water shed, waste from slaughter houses and decaying weeds and leaves could also have been causes of the pollution, Crabtree stated.

Decaying materials take oxygen from the water, thereby depriving them of their needed supply, Crabtree added.

While the coliform count has dropped in the Spring Bay and ski jump area, a test made earlier this week shows a total of 1,300,000 counts of the bacteria per 100 milliliters of water one-half mile above the Lake in the Tierra Blanca Creek.

There are several standards by which water is qualified, Hansen said, but the American Public Health Service sets a figure of 1,000 counts of coliform bacteria per 100 milliliters of water to indicate contamination.

Recommendations made by the health officers, which may not be made public, will be presented to the State Water Pollution Control Board and the Texas Public Health Department.

Laycock . . .

(Continued from Page 1)

He is a graduate of West Texas State University and holds a masters degree in education administration. He began his teaching career in Collingsworth County.

He was Gray County school superintendent from 1944 until 1951 when he left that post to become superintendent of schools at White Deer.

He served as White Deer superintendent until 1960. That year he joined the staff of West Texas State as director of public services.

Mrs. Laycock is director of correspondence and placements of graduates for WT at the present time. The Laycocks will continue to make their home in Canyon.

"I've appreciated working with the school board and the community," Laycock declared.

The school board was to have met Wednesday night to act on Laycock's resignation and to begin procedure for his replacement.

These parasite amebas are a primitive form of animal life which reproduce by just dividing in half. One can soon become millions. They are the cause of Amebiasis, generally known as Amebic dysentery. They are swallowed with food and drink, and burrow into the large intestines.

Beginning symptoms are not too troublesome. But, after they accumulate, they travel to the liver, heart, lungs and brain and a small percentage of cases are fatal. Symptoms are easily confused with those of appendicitis, colitis, peptic ulcer, intestinal cancer and others. Your physician can cure Amebic dysentery in about 95% of cases and control the rest if treatment is not too delayed.

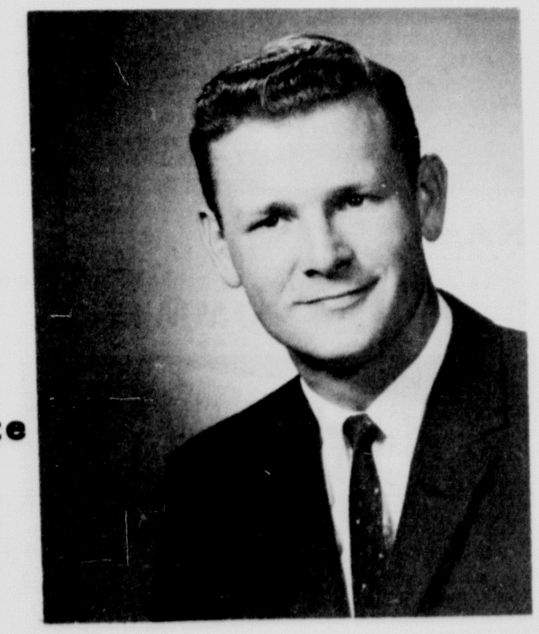
ANNOUNCING
The Association Of BILL EPPS
REPRESENTING
The Southland Life Insurance Company Of Dallas
WITH
THE DAVIS AGENCY
1619 4th AVENUE - CANYON, TEXAS OL5-2553



The Davis Agency, well known in the Fire and Casualty industry for over 20 years, is entering the Life Insurance field in order to more fully serve the complete insurance needs of the people in the Canyon area. It is with great pleasure that they announce the association of Bill Epps of the Southland Life Insurance Company with their agency. Mr. Epps is no stranger to the people of Canyon. He attended West Texas State University, beginning in 1950 where he obtained both his B. S. and M. Ed. degrees. After completing his education, Mr. Epps taught school five years before becoming Executive Director of the Amarillo Kids, Inc., Program. He held this position for three years and resigned there in April of 1962 and has been in the insurance business since that time. During his five years of being a life insurance underwriter, Mr. Epps has attended various insurance schools including the Institute of Life Insurance Marketing at SMU and all formal training schools of Southland Life. Mr. Epps states that he is looking forward to renewing friendships with the people of Canyon and is very pleased to be associated with the Davis Agency.

PALO DURO CANYON State Park Superintendent Jerry Mullican, left, examines plans recently made at the Pioneer Amphitheatre with Raymond Raillard, executive vice president of the Panhandle Heritage Foundation, sponsors of "TEXAS".

News Brief

A MIRAFONE TUBE was taken last week from a band room in the Fine Arts Building on the West Texas State University campus.

The four-valve instrument, according to WTSU Security Chief Bobby Hudson, is valued at $780.

Also taken was a tuba case, he said.

Preparations Made For "TEXAS" Show

Several improvements have been added to the "TEXAS" site by crews from Palo Duro Canyon State Park, according to Superintendent Jerry Mullican.

Among those improvements added in and around the Pioneer Amphitheatre include new shrubs, a concrete ramp to the barbecue area, a large septic fill and assorted clean-ups and selective pruning of trees.

Mullican said plans call for a self-guiding nature trail that will lead to a spot overlooking the theatre complex, some 50 additional parking spaces and several directional signs.

Future plans for the overall park will include three more miles of pavement from the second water crossing to a turnaround, a new concessions stand and additional camping units.

Mullican said a total of $271,000 in State appropriations with matching funds from the Federal government would aid in the concession area complex and also the proposed tie-in to Lake Meredith.

Water from the Lake will be carried in a six-inch pipe and stored in the park in a 50,000 gallon tank. The water will then be distributed through eight miles in the park.

Also planned this year will be a remodeling of the park's headquarters at the top of canyons.

Mullican said average daily attendance in the park was about 2,000 during the week and about 10,000 on the weekends.

He estimated that about 100 of the 2,000 visitors stay for a performance of "TEXAS".

"We get many people through here who want to know when "TEXAS" will open and if they can get reservations," he declared.

Mullican said his crews were also responsible for turning away crowds when there was a sell-out at the show.

Rev. Louis Meyer of Burbank, California visited in the Anton Handing home several days recently.

News Brief

CANYON LADIES GOLF Association met recently at Hunsley Hills Golf Course with the play of the day being "least times in the rough".

Winner of the play of the day was Ernestine Harp. Placing first in low net scores was Sis Deeds.

MRS. JODY SHEETS

Miss Marrs Weds Sheets In Double Ring Nuptials

Miss Kathleen Marrs became the bride of Jody Sheets in double ring ceremonies read at the Southside Church of Christ in Amarillo with Bob Wear, pastor of the Littlefield Church of Christ, officiating.

The bride is the daughter of Mr. and Mrs. Bob J. Marrs of Amarillo and the bridegroom's mother is Mrs. Nell Sheets of Canyon.

"Because", "Twelfth of Never" and "Whither Thou Goest" were sung as solos by Lynn Clevenger and a choral group presented "I Love You Truly". The choral group also presented the processional and recessional music.

The candlelight service was performed amid decorations of gladioli and white carnations. Candlelighters were Linda and Clifford Cornette.

Bridal attendants were Debby Marrs, sister of the bride, maid of honor, Sylvia Proffitt and Lynn Clevenger, bridesmaids. They wore floor length blue gowns of bridal satin trimmed with imported blue lace and their bouquets were of miniature pink carnations.

Ringbearer was Tommy Woods and Julie Woods served as flower girl.

Harry Lisle served as best man. Groomsmen were Shirley Sheets and Jess Sheets. Ushering were Wiley Sheets and Don Sheets.

Escorted and given in marriage by her father, the bride wore a formal floor length gown of angelskin peau de soie with a scooped neckline, empire waistline and long pointed sleeves. Re-embroidered inserts of alencon lace enhanced the front panels.

The skirt was complemented with a chapel train. Her veil of imported illusion was held to a crown of seed pearls and she carried a cascading bridal bouquet of English ivy and stephanotis with a removable corsage of gardenias accented with pearls and rhinestones.

For her daughter's wedding, the bride's mother wore a blue linen suit with white lace trim and white accessories. The mother of the bridegroom wore a green dress with lace bodice and white accessories.

A reception honoring the couple was held in Fellowship Hall. The bride's table was laid with a satin and lace embroidered net and centered with a bouquet of pale blue French carnations.

For a wedding trip to Colorado, the bride travelled in a beige lace dress. The couple will make their home in Amarillo.

A graduate of Canyon High School, the bride is employed with Southwestern Public Service Company in Amarillo.

The bridegroom graduated from Canyon High School and completed his freshman college year at Harding College in Searcy, Arkansas. He attended West Texas State University and the University of Texas in Austin.

Social Deadline

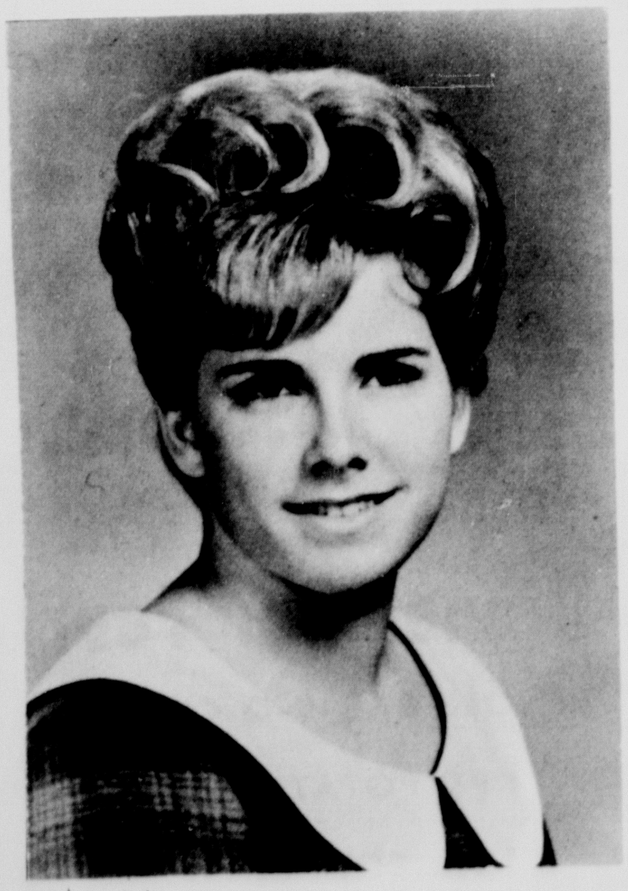
Canyon News Society page is in the midst of summer months of bridal parties, engagements and weddings and for this season we would like to remind our readers of the effective deadlines.

All society news should be turned in by 10 o'clock on Tuesday morning of the week of desired publication. Weddings should be turned in by 5 p.m. on Mondays.

Articles for the page include all club reports, showers, anniversaries, engagements, weddings, teas, etc. We like to bring to you, our readers, a complete page---with a number of interesting features for women. To do this we need your help in meeting the deadlines.

We welcome all notes of parties, visitors and happenings around your home---just give us a call at OL5-2141 to report your news.

Those women with recipes to share with our readers or interesting hobbies and crafts are urged to contact the society editor at any time.



July Vows

MR. AND MRS. DAN H. VIAL of Rosman, North Carolina announce the engagement of their daughter, Victoria Louise, to William M. Stoker of Canyon. The bridegroom is the son of Mr. and Mrs. E. A. Stoker of Umbarger and is presently employed with the United States Soil Conservation Service in Dalhart. Vows will be read July 15 at Scared Heart Catholic Church in Shattuck, Oklahoma.

County 4-H Dress Revue Set Tonight

"Wishing Well" will be the theme of the annual 4-H dress revue to be presented tonight, Thursday, at 8 o'clock in the auditorium of Canyon High School.

Awards will be presented at the conclusion of the revue for the junior and senior division champions. Overall winners in each division will represent the county in the district revue to be held July 11 at the Holiday Inn West in Amarillo.

Other awards in the county revue will be awarded in each of the division categories. These awards will be $3 gift certificates. Awards will be presented by Mrs. D. C. Gamble, home demonstration agent, and Mrs. Wire Wright, council chairman.

The revue will be presented as a skit entitled "Wistful Wilma at the Wishing Well." Narrating the storyline of the skit will be Sharon Allen as Susie and Leta Cranmer as wistful Wilma.

Jerry Crain will open the program with the 4-H motto and pledge and members of the 4-H Junior Leaders Organization will serve as ushers. Ushering will be Billy Dungan, Cliff Boehning and Joe Smith. Pianist for the revue will be Mrs. Fred Begert.

Dresses and records will be judged before the public revue by Argen Draper, home demonstration agent from Deaf Smith County, and Audrey Klaus, home demonstration agent from Oldham County. The two judges will be assisted by several 4-H leaders from their respective counties.

Final rehearsal for the public show will be held at 1 p.m. today in the CHS auditorium. All entrants are required to be present for the rehearsal.

The public revue will be concluded with a refreshment hour in the commons area. In charge of arrangements are Mrs. Bubord Sparks and the recreation committee of the Home Demonstration Council.

A special exhibit by county home demonstration clubwomen will be on display both before and after the 4-H revue. The exhibit will feature handwork, canned items and other projects done by the clubwomen this year, according to Mrs. Ray Metcalf, exhibit chairman.

"The exhibit is designed to lend interest to entries by local women in the women's division of the Tri-State Fair in Amarillo later this fall," said Mrs. Gamble. Rules and listings of divisions at the Tri-State Fair are available in the home demonstration agent's office. All women of the county are eligible to enter.

MR. AND MRS. HAMPTON LISLE announce the engagement and approaching marriage of their daughter, Sharon Elaine, to Michael V. Plummer, son of Mr. and Mrs. Gilbert Plummer of Massillon, Ohio. Marriage vows are slated for August 29 at Joseph A. Hill Chapel on the campus of West Texas State University. A graduate of Canyon High School, the bride-elect attended Harding College in Searcy, Ark., where the prospective bridegroom received his degree in June. The couple plans to make their home in Logan, Utah, where the bridegroom will begin graduate work at Utah State University this fall.

Vows Planned

ESTER DIANE DAVIS will become the bride of Bob L. Hinman in nuptial rites planned for July 21 at Joseph A. Hill Chapel on the campus of West Texas State University. The bride is the daughter of Mr. and Mrs. Virgil C. Davis of Canyon. She is a graduate of Canyon High School and is currently studying at Draughon's Business College in Amarillo. Her fiance is the son of Mr. and Mrs. E. M. Hinman of Roswell, New Mexico and is a government major at West Texas State University.

Shower Fetes Bride-Elect

Miss Jane Jarrett, bride-elect David W. Skinner, was honored with a personal shower recently in the home of Mrs. Jimmy E. Marrs of Amarillo.

The refreshment table was centered with white daisies and featured the bride-elect's chosen colors of green and white. Co-hostesses for the occasion were Mrs. Wilton Manley, Mrs. Baxter Callaway, Mrs. Wayne Schickedanz and Mrs. Ronald Rayburn.

Among those attending were Beth Jarrett, Ann Medlin, Virginia Crounse, Ann Warwick and Mesdames Jackie Burns, Bill Phillips, Warren Rutherford and Mike Warner, all of Canyon.

MRS. LOUIE PRESTON SPINKS, III

Ceremonies At Chapel Unite Thompson-Spinks

Double ring marriage vows for Miss Janice Carol Thompson and Louie Preston Spinks, III were solemnized Saturday in Joseph A. Hill Chapel on the campus of West Texas State University.

The bride is the daughter of Mr. and Mrs. Judson Thompson of Rotan. The bridegroom is the son of Mr. and Mrs. L. P. Spinks, Jr. of DeKalb, Mississippi.

Vows were read by Rev. Strauss Atkinson, pastor of the First Baptist Church of Canyon. Organist for the ceremony was Linda Jo Allison of Happy and vocalist, Carolyn Kite, sang "Wedding Prayer", "Walk Hand In Hand" and "Bless This House".

The chapel was decorated with large floor baskets of pink gladioli with the traditional seven bract candelabra. The satin covered kneeling bench was used for the closing prayer and the traditional white aisle runner was used.

Given in marriage by her father, the bride wore a formal floor length gown of angelskin peau de soie, trimmed with lace and hand clipped medallions. The batteau neckline accented the fitted bodice. The long sleeves were enhanced with pearl embroidery and the gown was accented with a watteau effect chapel train.

Her fingertip veil of English silk illusion was held to a crown of seed pearls and sequins. She carried a white prayer book with a cascade arrangement of stephanotis and white butterfly roses accented with garlands of English ivy foliage.

Miss Marilyn Thompson of Rotan served as her sister's maid of honor and Miss Jan Pearce of Fort Worth was the bridesmaid. They were gowned in long pink formals and carried nosegays of light pink majestic daisies accented with green fern.

Jimmy Spinks of DeKalb, Mississippi served as best man for his brother's wedding. Doug Kriewald of Canyon was groomsman. Ushering for the occasion were Ronnie Welty of Hereford and Stan Liles of Throckmorton.

A reception honoring the couple was held in the Baptist Student Union Building on campus. Presiding at the refreshment table were Miss Karen Doughten of Panhandle and Sharon Kowell of Borger.

For a wedding trip to points in New Mexico, the bride traveled in a blue tweed suit with blue straw hat and black patent accessories.

The couple will make their home in Canyon.

A graduate of Rotan High School, the bride is a senior speech therapy major at West Texas State University where she is also associated with Delta Zeta social sorority.

The bridegroom graduated from DeKalb, Mississippi High School and attended East Mississippi Junior College. He is a senior business administration major at WTSU and is a varsity member of the Buffalo football team.

Rehearsal dinner honoring the couple was held at the Caison House in Hereford with the bridegroom's parents as hosts for the occasion. A wedding breakfast for the couple and their families was held Saturday morning at the Trail Motor Hotel and Restaurant in Canyon with Mr. and Mrs. R. T. Williams of Rotan as hosts.

HD Garage Workshop

A "garage workshop" for members of Pleasantview Home Demonstration Club was held last Wednesday at the home of Mrs. John Jennings, president.

Roll call was answered by 12 club members and five guests including Mesdames M. J. Noel, Bailey McCormick, Albert Byers, Jewell Hill and Charles Gibson.

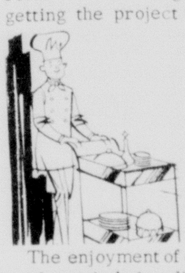
A brief business session was conducted with Mrs. Jennings in charge. The council report was given by Mrs. Allen Downing and plans were discussed for the September 13 meeting at the Morris Henderson home. The club will disband during July and August.

The Workshop, which was directed by Mrs. Blaine Hufnagle, was devoted to decoupage, antiquing flowers, and making styrofoam earscrews. All were demonstrated and explained by Mrs. Hufnagle during the workshop.

Members attending were Mesdames J. A. Meyer, Blaine Hufnagle, Don McRoberts, O. L. Riley, H. M. Stokes, Jim Irlbeck, Morris Henderson, Allen Downing, R. A. Hodges, James Irlbeck, John Jennings and Christler Crain.

PLEASANTVIEW Home Demonstration Club conducted a "garage workshop" last Wednesday at the John Jennings home. Several projects were undertaken by club members including decoupage plaques, antiquing flowers and other craft projects. Shown here dipping and arranging antiqued flowers are from left, Mrs. Olon Riley, Mrs. John Jennings and Mrs. R. A. Hodges.

SUMMER BARBECUE TIME calls for gatherings of friends, relatives and neighbors in the backyard preparations. Shown getting the project underway are from left, Mrs. John Hardaway, Linda Andrews, Ann Hardaway, Mrs. Johnnie McBroom, Judy McBroom and Vicky Saulnier. Linda Andrews and Vicky Saulnier are visiting from New Hampshire.



Outdoor Cooking Is Summertime Treat

The enjoyment of cooking food outdoors is being discovered by more and more Canyon families. The backyard is becoming a popular place to entertain friends and neighbors during summer months.

The backyard barbecue serves many purposes and is an ideal way to entertain and have the whole family team up with the preparations, from dad to young junior.

Equipment for outdoor cookery can be simple or elaborate.

It is desirable that equipment be portable so that it may be moved under the carport or into a sheltered area in the event of inclement weather. The portable grill may also be taken on camping trips, picnics and lake outings.

A layer of gravel in the bottom of the grill is desirable so that it will provide air space for the fire and catch drippings from the meat.

Charcoal briquettes are the most common source of fuel for outdoor cookery. Briquettes give the most uniform fire and are easier to handle.

The most practicial way to light the fire is with liquid charcoal lighter fluid. By all means, do not use gasoline as it is very dangerous and kerosens and fuel oil will leave an undesirable odor which the meat will absorb.

Regardless of materials used to light the fire, pyramid the charcoal briquettes into the center of the fire box. If using lighter fluid, saturate the coals after they have been placed in the pyramid.

Burning will be evidenced by a gray ash appearing around the edges of the briquettes, which usually takes 30-40 minutes before you are ready to cook.

Charcoal produces a very intense heat so don't let the absence of flame or the innocent looking gray ash fool you. A charcoal fire is ready for cooking when the briquettes are covered with gray ash. When the charcoal is ready insert the grill about three inches above the coals.

Steaks or chops should be cut at least one inch thick if they are to be grilled as thinner cuts tend to dry out too much during cooking. Frozen cuts may be used for outdoor cookery without thawing, however, a longer slower cooking is needed to keep from burning the outside surfaces.

Cuts of meat to use on the outdoor grill are beef, all types, veal, lamb, pork and poultry.

Don't season before grilling as salt tends to draw moisture from the lean tissue. To avoid loss of juices, turn the meat with meat tongs instead of piercing with a fork. Seasoning may be added after the meat is turned or when it is almost done.

Additional flavor for outdoor meals is encountered with the proper use of sauce during cooking. Use a prepared barbecue sauce of your choosing liberally over the meat when it is first placed on the grill. Spread again with sauce when the meat is turned.

Add zest to your barbecued meals by serving hot barbecue sauce along with the cooked meats. The easy barbecue menu would include either baked beans or pork and beans, which can be prepared ahead, a tossed vegetable salad, potato salad, hot garlic bread, which may be prepared on the grill, and other accompaniments as desired.

Timing is a very important factor in outdoor meals. It is wise to have several dishes prepared before the barbecuing starts---so that the meats may be served hot for best results.

Left-over barbecued hamburgers and steaks are excellent freezer items. Wrap in freezer paper or in aluminum foil after they have been freshly spread with barbecue sauce and freeze. To serve, heat in oven.

The same principles of cookery are used whether cooking out-of-doors on the grill or indoors on the range.

Outdoor meals need to be as carefully planned as other meals. Simplicity and ease of preparation are the keynotes for successful outdoor meals.

Add zest to your outdoor barbecues with unusual accompanying dishes such as a Green Rice served hot, a cool Cucumber Salad, or a hot Poppy-Onion Loaf.

POPPY-ONION LOAF

4 Tbsp. butter
1 Tbsp. instant minced onion
1 Tbsp. poppy seed
2 pkg. refrigerated butterflake rolls (24)

Melt butter in small skillet. Add onion and poppy seed. Separate rolls into 2-3 pieces each and dip into butter mixture. Turn to coat both sides. Place on edge in loaf pan, arranging into two rows. Bake in moderate 350 degree oven for 20-25 minutes until golden brown. Serve hot.

GREEN RICE

2 cups cooked rice
1/2 cup salad oil
2 eggs
1 large can evaporated milk
1/2 lb. cheese, grated
1 small onion, grated
1/2 cup parsley flakes
1 small garlic grated
salt and pepper

Mix egg, oil and milk. Add cooked cheese to rice. Combine rice-cheese mixture to eggs and remainder of ingredients. Bake in greased casserole dish for one hour at 325 degrees. Serves 10-12.

Excellent dish to prepare ahead and freeze until ready for a barbecue.

CUCUMBER SALAD

1 pkg. lime gelatin
1 cup hot water

Combine gelatin and hot water and stir until dissolved well.

1/2 cup cold water
1/2 cup salad dressing
1 cup cottage cheese
1 cup grated cucumbers
1 tsp. onion, grated
1/2 cup pecans, chopped

Combine with dissolved gelatin and pour into mold or bowl. Chill until well set. Excellent to serve at outdoor barbecues.

Mr. and Mrs. Weldon Bruce Phillips, Kathy and Gary, have returned from several days visit in California where they attended the convention of the Big Brothers Association of America. The family visited numerous points during their trip including Disneyland, San Diego and Mexico.

News Article About Canyon

An article concerning Palo Duro Canyon State Park and "TEXAS" appeared in the Saturday edition of the Fort Worth Star-Telegram.

The article written by Jerry Flemmons, Telegram travel writer, notes a brief history of the canyons and gives information concerning "TEXAS".

Also featured in the article is a map tracing the route from Fort Worth to Canyon.

Swimming Class Set

Swimming lessons will begin again Monday, July 10, at the Canyon City Pool.

Cost of the ten lesson series will be $10. Daily lessons will begin at 10 o'clock and 11 o'clock at the pool, according to Wayne Phemister, park and recreation superintendent.

Classes are designed for beginners, intermediates and advanced. Swimming instructors will be Cynthia Gerald, Becky Price and John Brandon.

Dodgers Lead League 11-4

The Dodgers are leading the Little League Majors with a 11-4 season standing at the close of play July 4.

Other team standings are Yankees 8-6; Astros 8-7; Braves 5-10; and Red Legs 5-10.

In league action last week, the Dodgers downed the Astros 4-1 on Independence Day; Yankees over the Red Legs 6-5 Sunday; Astros over the Yankees 8-6 on Saturday; Red Legs 9-Braves 4 on Friday; Dodgers over the Yankees 2-1 on Thursday of last week; and the Dodgers 4-2 over the Red Legs last Tuesday.

Bill Moore hit his fifth home-run of the season in action last week.

4-H Leaders Have Meeting

Randall County 4-H Junior Leaders Association met recently with Roger Gist, president, in charge.

John Brazzil, county agent, discussed a new system of turning in records for the county awards program. Plans were also discussed for a 4-H camp for youths to be held in August.

Junior leaders present were Judy Boehning, Jerry Crain, Roger Gist, Linda Hales, Mike Hinders, Sue Kirby, Kathy Gist, Connie Brazzil, Annette Robinson, Billy Dugan and Jan Williams.

Adults attending were Mrs. O. A. Smith, Mr. and Mrs. Leroy Boehning, Mr. and Mrs. John Brazzil, Mrs. D. C. Gamble, Mrs. Earl Reynolds, Mrs. Bill Dugan, Mrs. Cristler Crain, Mrs. Lewis Hinders, Mrs. Richmond Hales and R. B. Gist.

News Brief

CANYON CAPERS Square DANCE Club met Monday night with guests present from the Chiefs and Squaws, Levis and Lace, Reddy Squares, Helium Squares of Amarillo and the Wagon Wheelers of Stubenville, Ohio.

During the business meeting, plans were made for a club bake sale to be held July 15 at Bellah's Super Market in Canyon. The club will co-sponsor a street dance in connection with the Randall County Round-up and Old Settlers Reunion.

REV. CHESTER O'BRIEN will be guest speaker at morning and evening services of Calvary Baptist Church Sunday.

Rev. O'Brien is superintendent of missions for the Amarillo Baptist Association. He was formerly pastor for Paramount Baptist Church in Amarillo.

C. F. Reynolds, Helen, Nettie and Daisy have returned from a Reynolds family reunion in Tioga, Texas. The reunion brought together brothers and sisters of C. F. Reynolds.

Visiting with Mr. and Mrs. Rayford Loudder this week are their sons, Logan Frank of Phoenix, Arizona and Ronald Frank of Tacoma, Washington, and their families.

after this commission goes off."

As to the problem of parking for WTSU students, Lindsey said many students with parking permits would park off campus to avoid walking too far to classes.

The primary problem, said the mayor, is that money is needed to widen the streets eight feet on either side. Money is also needed for a more adequate sewage disposal system, he went on.

He pointed out that a sewage disposal problem is more acute than parking at the present time.

Commissioner Felix Pierce said he had encountered no difficulty in driving down Fifth Ave. before it was changed to one-way.

Mayor Pro-tem H. R. Fulton, Jr. voted against one-ways when the matter was considered in January.

In other business, commissioners were presented with a request from Pioneer Natural Gas that rates here be hiked 11.5 per cent.

Commissioners received a report on earnings of Pioneer Natural Gas for their West Texas Distribution System, which includes 55 Panhandle cities, and also their application for the proposed increase.

"The Company's revenues are not now sufficient under the present rate which has been in effect for more than six years," said C.I. Wall, president, in a letter to the council.

No changes are planned for industrial or irrigation services, Wall stated.

Commissioners discussed the possibility of employing a firm to represent this area's commissions in their consideration of rate increases for public services.

No action was taken.

The council voted to send one Canyon Police officer to the Amarillo Police Academy which will open Aug. 1 and continue eight hours per day for seven weeks.

City Manager Gary Gwyn said Amarillo would state, in writing, that they would not hire any officer from the school for a two-year period.

Gwyn said Amarillo Police officers served as instructors as did representatives for the Federal Bureau of Investigation and the Texas Liquor Control Board.

Some of the information taught at the school, Gwyn said, was applicable to officers in larger cities, but 75 per cent of the training was basic.

"As is typical of small towns," Gwyn explained, "officers here have very little training."

He said the Canyon PD meets every two weeks for about two hours for some forms of basic training.

Gwyn proposed that the officer completing the school is tested before and after the training to judge the benefits of the academy.

Tuition for the seven weeks will be $100.

The commission reviewed additional material from Carl S. Becker regarding a proposed personnel study.

Gwyn had earlier proposed that Becker be hired to make a personnel study for city employees.

Becker has conducted four such studies for cities in Colorado, Gwyn said.

Commissioners voted to obtain a used motor grader through a lease-purchase arrangement.

Bids for the machine will be opened at 7 p.m. Aug. 7.

Used as a trade-in will be a 1954-model motor grader.

Payments on the machine will be made twice annually and financed for about 5 per cent.

Gwyn estimated cost of the machine will be between $12,000 and $14,000.

Gwyn, who is leaving his post July 15, said a replacement might not be available until later in the month.

Commissioners agreed to hold a special session later if needed to study applications for city managers.

CHS Twins To US Navy

Two Canyon High School graduates left Sunday for San Diego, Calif. where they will receive training with the US Navy.

Dwayne and Wayne Bevers, 20-year-old twins, signed with the Navy when they were sophomore students at CHS in 1964.

The sons of Mr. and Mrs. L. L. Melane, four miles northeast of Canyon, participated in track events while at CHS.

They will be in the Navy for four years.

New WTSU Faculty Members Announced

Nine new faculty members have been named in six departments for the 1967-68 session at West Texas State University, according to President James P. Cornette. They will assume duties when the fall semester opens Sept. 9.

They are Robert D. Hobbs, assistant professor of art; Robert D. Sawvell, assistant professor of geography and acting department head; Kenneth Brehob, instructor in geography; Henry C. Moreland, Jr., assistant professor of modern languages.

Miss Mary L. Busalacchi, instructor in modern languages; Miss Rugh Rogers, assistant professor of physical education; Mrs. Mary Ann Hill, instructor in physical education: Thomas P. Hoffman, instructor in speech and Edward G. Brown, assistant professor of modern languages.

Hobbs formerly taught at WTSU from 1958 to 1963 before going to Odessa College for two years. For the last two years he has been working toward his doctorate at Pennsylvania State University, where he was a graduate assistant. He holds the B.S. from WTSU and the M.A. from Colorado State College.

Sawvell taught at Ball State University in Indiana before coming to WTSU. He holds the A.B. from Iowa State College and the A.M. from Indiana University, where he has been working toward his doctorate. Coordinator of international studies at Ball State, Sawvell is the author of several articles in geography journals.

Sawvell holds a Fulbright and Department of Health, Education and Welfare award for summer study at the University of Chile, and will be traveling in several South American nation. He is married and has a daughter.

Brehob holds the B.S. degree and is a candidate for the M. A. degree at Ball State Univeristy. He is married.

Moreland holds the B.S. and the M.Ed. degrees from Texas A&M University. He has taught for the last three years at Arkansas A&M College, and last summer was an instructor for a National Defense Education Act Institute for Advanced Study at Northern Illinois University. He is married and has a son.

Brown is a candidate for the Ph. D. degree at the University of Arizona, where he has taught for the past three years. He holds the M.A. degree from Arizona and the A.B. from Whittier College. He formerly taught at Garden Grove(Calif.) High School.

Miss Busalacchi taught last fall at the Colegio de San Patricio in Madrid while studying at the University of Madrid in Spain. She has been working toward the doctorate at the University of Texas, where she has also been an instructor. She holds the B.A. degree from the University of Texas at El Paso and the M.A. in Spanish from the University of Arizona.

She wrote three articles for the El Paso Times about her stay in Segovia, Spain, as Community Ambassador for the Experiment in International Living in 1962.

Miss Rogers earned the B.A. and Masters' degree from the University of Colorado after attending Gulf Park College. She taught three years at Northern Illinois University and in public schools in Amarillo, Levelland, and Grand Prairie. For nearly ten years, she was a service club director in Germany, Japan, and Okinawa for the Army Special Services.

A part time instructor at WTSU last year, Mrs. Hill holds the B.S. and M.Ed. degrees from WTSU. She formerly taught in the Amarillo Public schools. She is married and has two daughters.

Hoffman holds the B.S. and M.A. degrees from Ball State University, where he has been a graduate assistant for a year. He will be technical director for the Branding Iron Theatre. He is married and has a daughter.

Pastor Comes In September

Sam Nafzger was ordained into the ministry at services at St. Paul's Lutheran Church in Plainview Sunday.

Nafger will come to Canyon in September as pastor of St. Paul's Lutheran Church here. He will also serve the congregation in Tulia.

A graduate of Concordia Theological Seminary, Mr. Nafzger studied at the University of Heidelberg and is presently working on his master's degree from Concordia Seminary.

Nafzger and his wife, the former Janis Schoppa of Plainview, will reside in Canyon after September 1.

Cubs Have Pack Meet

Cub Scout Pack 131 held a watermelon supper and Little Olympic races last Tuesday night at Conner Park as their regular monthly pack meeting.

The races were a shoe race, toesack race, wheelbarrow race, marble race and a three-legged race. Den 1 captured wins in four of the races, according to Mrs. Carroll Vaughan, den mother.

Mrs. Calvin Davis is den mother for Den 2 and Morris Westberry is the cubmaster.
